J. N. Baba  
Plant Manager  
W. R. GRACE & COMPANY  
1720 Madison Street Northeast  
Minneapolis, MN 55413

Dear Mr. Baba:

This letter is in reference to the underground tank on the property  
of 1720 Madison Street Northeast.

This Department requires that you submit a letter stating that the  
underground tank was left in place because the structural inte-  
grity of the building would be in danger if the tank were to have  
been removed.

If you have any questions, please give us a call at 348-7827 or 348-  
7897.

Sincerely,

Glenn D. Kiecker  
Supervisor of Environmental Review  
Pollution Control Division
